SKILLS

Agile Workflow | Excel

Power BI | Tableau | SQL

Python | ETL | Team Management

EXPERIENCE

Data Analyst Apprentice – Nashville Software School

May 2022 – August 2022

Intensive full-time bootcamp focusing on data analytics fundamentals and problem solving. Used real-world datasets and included projects where findings were presented to stakeholders from the community.

- Built and deployed dashboards using Tableau and Power BI
- [WeGo – Python](#)
 - Analyzed WeGo's metropolitan Nashville bus routes and highlighted potential areas of interest regarding consistent slowdown times after factoring in multiple variables
- [Nashville City Cemetery – Excel](#)
 - Used Excel to clean and analyze data provided by Nashville City Cemetery in order to provide marketing materials
- [Lahman Baseball – SQL](#)
 - Worked with a team to answer questions testing our ability to perform joins and use aggregate functions on an expansive data set taken from baseball statistics
- [Tennessee Early Intervention System \(TEIS\) – Python](#)
 - Collaborated with TEIS to analyze their data to answer questions related to the success of their various offices located around Tennessee as well as used the data to highlight problem areas and other discrepancies.

Assistant Site Supervisor – COVID Clinic

November 2020 – May 2021

Started in registration, worked up to clinical training then promoted to assistant site supervisor.

- Lead 15+ employees in the daily operations of the business
- Tracked inventory and ordered supplies based on predicting upcoming testing needs in the region
- Dealt with all customer complaints and managed customer expectations while working towards an advantageous outcome for all parties

Client Manager – Southern California Recovery Centers

December 2020 – July 2021

Live-in client manager for major IOP/sober living facility in southern California

- Helping clients come up with a grocery budget and taking them shopping to managing medications and taking them to work / meetings / community events.
- Met with client and their counselor and therapist to plan small, actionable steps to help them reach their intended goals by the time they were ready to graduate the program
- Proficient training and experience with de-escalation of conflicts with a focus on positive, healthy outcomes

Store Manager – Madvapes AVL, LLC

March 2015 – February 2017

Worked up from a part-time employee to managing the complete daily, monthly, and yearly successful running of a franchise store.

- Handling all day-to-day operations of Madvapes store located at 271 Tunnel Road Asheville, NC
- Having my pulse on the E-Cig industry, researching products, and predicting which new products will sell as well as deciding which products to discontinue carrying
- Responsible for daily, monthly, and yearly success of my store regarding profit margins, customer / employee / employer satisfaction, and personal growth goals
- Maintained inventory with Clover POS system
